I am responsible for submitting payment in full on the final bill by the 19th of the month following termination of service. If I am unable to make the payment in full and have not made arrangements for a payment schedule (inclusive of interest on the balance due) prior to the due date, the Templeton Community Services District may then assign my account to a collection agency. I am aware that this may be reflected on my credit report for a period of 7 (seven) years.
