Independent Auditor's Report

To the Board of Directors
Templeton Community Services District

We have audited the accompanying financial statements of the governmental activities and the business-type activities of Templeton Community Services District, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the District's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the business-type activities of Templeton Community Services District, as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, and the required supplementary information on pages 47 - 55 as identified in the accompanying table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of the financial performance of the Templeton Community Services District ("District") provides an overview of the District's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the District's financial statements, which begin on page 8.

Financial Statements

This discussion and analysis provides an introduction and brief description of the District's financial statements including the relationship of the statements to each other and the significant difference in the information they provide. The District currently provides water, sewer, drainage, solid waste disposal, fire protection, street lights, park and recreation services and a community center and maintains its accounting records in accordance with generally accepted accounting principles.

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (on pages 8 and 9) provide information about the activities of the District as a whole and present a longer-term view of the District's finances. The fund financial statements start on page 10. For governmental activities, these statements tell how these services were financed in the short-term as well as what remains for future spending. Business-type activities are reported in the same manner as the statement of net position and the statement of activities. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The statement of net position and the statement of activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. You can think of the District's net position--the difference between assets and liabilities--as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position is one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the District's property tax base and the condition of the District's assets, to assess the overall health of the District.

MANAGEMENT'S DISCUSSION AND ANALYSIS

In the statement of net position and the statement of activities, we divide the District into two kinds of activities:

- Governmental activities - Several of the District's basic services are reported here, including the general fund, fire protection, parks and recreation, street lights and community facilities. Taxes and assessments, program fees, rental, grant and interest income finance most of these activities.
- Business-type activities - The District charges a fee to customers to help cover all or most of the cost of certain services. The District's water, sewer, drainage and solid waste services are reported here.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements begin on page 10 and provide detailed information about the District's most significant funds.

- Governmental funds--Several of the District's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general governmental operations and the basic services provided. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. We describe the relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds in reconciliations on pages 11 and 13.
- Business-type funds--When the District charges customers for the services it provides--whether to outside customers or to other units of the District--these services are generally reported in business-type funds. Business-type funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. In fact, the District's enterprise funds (a component of business-type funds) are the same as the business type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for business-type funds.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The District as a Whole

The District's combined net position increased from \$35,654,257 a year ago to \$38,945,944 at June 30, 2021. Our analysis below focuses on the net position and changes in net position of the District's governmental and business-type activities.

Net Position

	Governmental Activities		Business-Type Activities		Total Government	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>

<u>Deferred Inflows of Resources:</u>						
Actuarial deferred inflows related to contributions	<u>133,168</u>	<u>115,113</u>	<u>76,926</u>	<u>68,817</u>	<u>210,094</u>	<u>183,930</u>
<u>Net Position:</u>						
Net investment in capital assets	2,659,520	2,482,667	24,997,156	24,956,716	27,656,676	27,439,383
Restricted	3,619,782	3,415,998	58,869	58,869	3,678,651	3,474,867
Unrestricted	638,048	301,866	6,972,569	4,438,141	7,610,617	4,740,007
Total Net Position	<u>\$ 6,917,350</u>	<u>\$ 6,200,531</u>	<u>\$ 32,028,594</u>	<u>\$ 29,453,726</u>	<u>\$ 38,945,944</u>	<u>\$ 35,654,257</u>

Net position of the District's governmental activities increased \$716,819. The net position of our business-type activities increased by \$2,574,868. Business-type revenues exceeded expenses by more than \$3.9 million dollars and transferred in excess of \$1.3 million to governmental activities. Total liabilities decreased by more than \$425,000 as the District continued to pay down long-term debt, and make contributions to fund other postemployment benefits. The continued funding of the other postemployment benefits resulted in significant changes in the actuarial assumptions.

Governmental Activities

Revenues for the District's governmental activities increased by \$303,079 principally due to the passage of Measure A, total expenses increased \$579,492 between 2021 and 2020. Changes in actuarial assumptions result in a significant increase in the net OPEB expense. As a result of Measure A, the fire department is now staffed around the clock.

Business-Type Activities

Revenues of the District's business-type activities decreased \$(702,115) and expenses increased by \$213,100 between 2021 and 2020. The District recognized nearly \$800,000 more in fees and charges for revenues, but saw a decrease of nearly \$1.2 million in capital grants and contributions. The District recognized \$1.4 million in debt forgiveness in the prior year.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Capital Asset and Debt Administration

Capital Assets

At June 30, 2021, the District had \$53,557,820 invested in a broad range of capital assets, including a water system, sanitation system, buildings, park facilities and fire equipment. Current year additions included the E7160 Wildland Fire Truck, the Cal Fire Station - Ramada and Tract 2992 Filippini Acceptances.

Capital Assets at Year-End

Debt

At June 30, 2021, the District had loans payable to the State of California, Water Resources Control Board and the San Luis Obispo County Flood Control and Water Conservation District. During the current year, the District added no additional loans payable, and made principal payments of \$266,912 on the existing loans payable.

Outstanding Debt at Year-End

	<u>Governmental Activities</u>		<u>Business-Type Activities</u>		<u>Totals</u>	
	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>	<u>2021</u>	<u>2020</u>
Loans Payable	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,746,125</u>	<u>\$ 5,013,037</u>	<u>\$ 4,746,125</u>	<u>\$ 5,013,037</u>

Economic Factors and Next Year's Budget and Rates

The District's management and Board of Directors considered many factors when setting the budget including the economy and employment growth. These indicators were taken into account when adopting the general fund budget for 2021. Amounts budgeted for general fund expenditures in 2022 are \$1,213,302, an decrease of \$96,160 from the final 2021 budgeted expenditures of \$1,309,462.

Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact the District offices at (805) 434-4900.

**TEMPLETON COMMUNITY SERVICES DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2021**

Total fund balances - Governmental funds		\$ 5,803,517
Total net position reported for governmental activities in the statement of net position is different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of:		
Land and other non-depreciable capital assets	\$ 691,179	
Plant and equipment, net of accumulated depreciation	<u>1,968,341</u>	
Total Capital Assets, Net		2,659,520
In governmental funds, only current liabilities are reported. In the statement of net position, all liabilities, including noncurrent liabilities, are reported. Noncurrent liabilities relating to governmental activities consist of:		
Compensated absences	(65,617)	
Net OPEB Liability	(882,237)	
Net pension liability	<u>(1,542,583)</u>	
Total Long-Term Liabilities		(2,490,437)
In governmental funds, deferred outflows of resources and deferred inflows of resources are not reported. In the statement of net position, the deferred outflows of resources and deferred inflows of resources are reported and consist of:		
Deferred Outflows - OPEB contributions	572,638	
Deferred Outflows - OPEB	9,128	
Deferred Outflows - Pension	230,767	
Deferred contributions - Pension	265,385	
Deferred inflows related to pensions	<u>(133,168)</u>	
Total		<u>944,750</u>
Total Net Position - Governmental Activities		<u>\$ 6,917,350</u>

The accompanying notes are an integral part of the financial statements.

**TEMPLETON COMMUNITY SERVICES DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
FOR THE YEAR ENDED JUNE 30, 2021**

Total net change in fund balances - Governmental funds	\$ 149,481
Amounts reported for governmental activities are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which additions to depreciation expense is greater than capital outlay.	176,853
In the statement of activities, compensated absences are measured by the amounts earned during the fiscal year. In governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially the amounts paid). This fiscal year, vacation used was more than the amounts earned by \$12,348	(12,348)
In the statement of activities, net OPEB liability is measured by the amounts earned during the fiscal year. In governmental funds, however, expenditures for these items are measured by the amount of financial resources used (essentially the amounts paid). This fiscal year, the net OPEB liability earned was less than the amount used by \$109,749	109,749
Deferred outflows related to pensions and OPEB are not recognized in the governmental funds. The change in deferred outflows is reflected in pension and OPEB expense in the statement of activities, but not the statement of revenues, expenses and changes in fund balances. The change in deferred contributions for both pension and OPEB totaled \$467,604	467,604
Deferred inflows related to pensions and OPEB are not recognized in the governmental funds. The change in deferred inflows is reflected in pension and OPEB expense in the statement of activities, but not the statement of revenues, expenses, and changes in fund balances. The change in deferred inflows related to both pensions and OPEB totaled (\$18,055)	(18,055)
Net pension liability is not recognized in the governmental funds. The change in net pension liability is reflected in pension expense in the statement of activities, but not in the statement of revenues, expenses and changes in fund balances. The change in net pension liability totaled (\$156,465).	<u>(156,465)</u>
Changes in Net Position - Governmental Activities	<u><u>\$ 716,819</u></u>

The accompanying notes are an integral part of the financial statements.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 - Organization and Significant Accounting Policies:

Organization

The Templeton Community Services District (the "District") was organized under the authorization of Section 61,000 et. seq., of the Government Code of the State of California, for the purpose of providing all permissible uses of a community services district. The District currently provides water, sewer, drainage, solid waste disposal, fire protection, street lights, park and recreation services and a community center. The District is governed by an elected Board of Directors.

The criteria used in determining the scope of the reporting entity are based on the provisions of GASB Cod. Sec. 2100, "Defining the Financial Reporting Entity." The District is the primary government unit. Component units are those entities which are financially accountable to the primary government, either because the District appoints a voting majority of the component unit's board, or because the component unit will provide a financial benefit or impose a financial burden on the District. The District has no component units.

Significant Accounting Policies

A summary of the District's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

Basis of Presentation

Government-Wide Statements

The District's financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business-type. The District's fire protection, parks and recreation, street lights, community facilities and general funds are classified as governmental activities. The water, sewer, drainage and solid waste funds are classified as business-type activities, and are generally financed by fees charged to external parties for goods or services.

In the government-wide statement of net position, both the governmental and business-type activities are presented on a consolidated basis by column and are reported on a full accrual basis of accounting and the economic resource measurement focus, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The District's net position is reported in three parts; net investment in capital assets, restricted and unrestricted. The statement of net position includes all funds of the reporting entity.

The government-wide statement of activities presents a comparison between expenses, both direct and indirect, and program revenues for each function of the business-type activities of the District and for each program of the governmental activities. Direct expenses are those that are clearly identifiable with a specific function or program. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Basis of Presentation (Continued)

Fund Financial Statements

Fund financial statements report detailed information about the District. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, reserves, net position, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The emphasis in fund financial statements is on major funds in either the governmental or business-type activities categories. GASB Cod. Sec. 2200, "Comprehensive Annual Financial Report", sets forth minimum criteria for the determination of major funds.

The funds of the District are described below:

Governmental Funds

The focus of the governmental funds measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District reports the general fund, fire protection, parks and recreation, street lights and community facilities as major governmental funds.

Proprietary Funds

The focus of proprietary fund measurement is upon determination of operating income, changes in net position, financial position, and cash flows. The generally accepted accounting principles applicable are those similar to businesses in the private sector.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise funds are charges to customers for sales and services. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The District reports the water, sewer, drainage and solid waste funds as major proprietary funds.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Measurement Focus and Basis of Accounting

Method of Accounting

Method of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

The District has not elected to apply the option allowed in GASB Cod. Sec P80.103, "Proprietary Fund, Accounting and Financial Reporting" and as a consequence will continue to apply GASB Statements and interpretations.

Accrual

Both governmental and business-type activities in the government-wide financial statements and the proprietary financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. Earned but unbilled amounts for services provided are accrued and included in accounts receivable and recognized as revenue.

Modified Accrual

The governmental funds' financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers all revenue available if collected within 60 days after year-end. The District considers interest, certain taxes, grant revenues, groundwater charges and water delivery charges to be susceptible to accrual. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on long-term debt, if any, is recognized when due.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Revenue Recognition

The District recognizes revenue from user fees, service charges, program fees and rental fees as they are earned. The District has recorded \$45,855 of unearned revenue for soccer registrations at June 30, 2021.

Investments

Investments are stated at their fair value which represents the quoted or stated market value. Investments that are not traded on a market, such as investments in external pools, are valued based on the stated fair value as represented by the external pool.

Allowance for Doubtful Accounts

Bad debts are recognized on the allowance method based on historical experience and management's evaluation of outstanding accounts receivables. Management believes that all accounts receivable were fully collectible, therefore, no allowance for doubtful accounts receivable was recorded at June 30, 2021.

Taxes and Assessments

Property taxes and assessments are billed by the County of San Luis Obispo (the "County") to property owners. The District's property tax calendar for the fiscal year ended June 30, 2021, was as follows:

Lien Date:	January 1
Levy Date:	July 1
Due Date:	First Installment – November 1 Second Installment – February 1
Delinquent Date:	First Installment – December 10 Second Installment – April 10

The County collects the taxes from the property owners and remits the funds to the District periodically during the year. The District has an arrangement with the County whereby the County remits taxes which are delinquent as of each June 30 to the District in exchange for the right to retain the delinquent taxes, penalties, and interest when these amounts are subsequently collected.

Inventory

Inventory consist primarily of materials used in the construction and maintenance of capital assets and is valued at the lower of cost (first-in, first-out basis) or market.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Capital Assets

Capital assets purchased or acquired with a cost exceeding \$5,000 and an estimated useful life of more than two years are reported at historical cost. Contributed assets are recorded at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is calculated on the straight-line method over the following estimated useful lives:

Water	5 - 75 years
Sewer	10 - 50 years
Drainage	5 - 50 years
Fire protection	5 - 40 years
Parks and recreation	5 - 10 years
Administration	5 - 40 years
Community center	40 years

Depreciation aggregated \$1,138,617 for the year ended June 30, 2021.

Compensated Absences

Accumulated unpaid vacation totaling \$104,359 at June 30, 2021, is accrued when incurred and included in noncurrent liabilities.

Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources and deferred inflows of resources are defined as a consumption of net assets by the District that is applicable to a future period and an acquisition of net assets by the District that is applicable to a future reporting period respectively.

Fund Balances - Governmental Funds

The fund balances of the governmental funds are classified as follows at June 30, 2021:

Nonspendable - Amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Fund Balances - Governmental Funds (Continued)

Restricted - Amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments. Fire and park facility fees are collected for new development. Restricted fire protection and park and recreation fund balances related to facility fees totaled \$2,634,212 and \$985,570 at June 30, 2021, respectively. A reserve fund totaling \$58,869 at June 30, 2021 was established as required by the State of California Water Resources Control Board Installment Sale Agreement.

Committed - Amounts that can be used only for specific purposes determined by a formal action of the Board of Directors. The Board Directors is the highest level of decision-making authority for the District. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board of Directors.

Assigned - Amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes.

Unassigned - All other spendable amounts.

Risk Management

The District is a member of the Special District Risk Management Authority (Authority). The Authority is a risk-pooling self-insurance authority, created under provisions of California Government Code Sections 6500 et. seq. The purpose of the Authority is to arrange and administer programs of insurance for the pooling of self-insured losses and to purchase excess insurance coverage.

At June 30, 2021, the District participated in the self-insurance programs of the Authority as follows:

General and Auto Liability, Public Officials' and Employees' Errors and Omissions and Employment Practices Liability - Total risk financing limits of \$10 million with a combined single limit at \$10 million per occurrence, subject to the following deductibles:

- \$500 per occurrence for third party generated liability property damage.
- \$1,000 per occurrence for third party auto liability property damage.
- 50% co-insurance after initial \$10,000 cost expended by the Authority, up to \$50,000, per occurrence, for employment related claims;
- Comprehensive and collision on selected vehicles, with deductibles of \$250/\$500 or \$500/\$1,000, as elected.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Risk Management (Continued)

Employee Dishonesty Coverage - Total of \$1 million per loss includes public employee dishonesty, forgery or alteration and theft, disappearance and destruction.

Property Loss - Replacement cost, for property on file, if replaced, and if not replaced within two years after the loss, paid on an actual cash value basis, to a combined total of \$1 billion per occurrence, subject to a \$1,000 deductible per occurrence.

Boiler and Machinery - Replacement cost up to \$100 million per occurrence, subject to a \$1,000 deductible.

Public Officials Personal Liability - \$500,000 each occurrence, with an annual aggregate of \$500,000 per each elected/appointed official, subject to a \$1,000 deductible per occurrence.

Workers' Compensation Coverage and Employer's Liability - Includes statutory limits per occurrence for workers' compensation and \$5 million for employer's liability coverage.

The District pays annual premiums for this coverage. They are subject to retrospective adjustments based on claims experienced. The nature and amounts of the adjustments cannot be estimated and are charged to expense as invoiced. There were no instances in the past three years where a settlement exceeded the District's coverage.

Postemployment Benefits Other Than Pensions (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the Templeton Community Services District Other Postemployment Benefits Plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, the OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms. The District has assets designated for OPEB that are invested in California Employers' Retiree Benefit Trust (CERBT) Strategy 2 which are reported at fair value as reported to the District by CERBT.

Generally accepted accounting principles require that the reported results must pertain to the liability and fiduciary net position information within certain defined time frames. For this report, the following time frames are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	June 30, 2019 to June 30, 2020

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the CalPERS financial office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. CalPERS audited financial statements are publicly available reports that can be obtained at CalPERS website under Forms and Publications.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined time frames, for this report, the following time frames are used:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Measurement Period	June 30, 2019 to June 30, 2020

Fair Value Measurements

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy) and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the investment manager has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

The District's statement of net position includes the following financial instruments that are required to be measured at fair value on a recurring basis:

- Negotiable certificates of deposit are considered Level 2 assets and are reported at the fair value reported by the counter-party.
- Investments in the California Local Agency Investment Fund (LAIF) are considered Level 2 assets and are reported at the fair value of the underlying assets as provided LAIF.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 1 - Organization and Significant Accounting Policies: (Continued)

Significant Accounting Policies (Continued)

Interfund Transfers

Interfund transfers for the year ended June 30, 2021, consisted of general fund transfers from the following:

Water	\$ (581,793)
Sewer	(396,677)
Parks and recreation	(92,688)
Fire protection	(132,226)
Solid waste	(362,262)
Drainage	(6,611)
Total	<u>\$ (1,572,257)</u>

Economic Dependency

The District extracts approximately 31% of its water supply from the underflow of the Salinas River, 10% from reclaimed water from the Selby Ponds, 40% from groundwater wells located in the Atascadero sub basin, and 19% from Nacimiento recharge. Interruption of these sources would impact the District negatively.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the District considers all investment instruments purchased with a maturity of three months or less to be cash. Negotiable certificates of deposit that may be redeemed without significant penalty are considered cash and cash equivalents regardless of the maturity.

Subsequent Events

In preparing these financial statements, the District has evaluated events and transactions for potential recognition or disclosure through November 16, 2021, the date the financial statements were available to be issued.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 2 - Cash and Investments:

Investments Authorized by the California Government Code and the District's Investment Policy

The table below identifies the investment types that are authorized for the District by the California Government Code. The table also identifies certain provisions of the California Government Code that address interest rate risk, and concentration of credit risk. This table does not address investments of debt proceeds held by bond trustees that are governed by the provisions of debt agreements of the District, rather than the general provision of the California Government Code or the District's investment policy:

<u>Authorized Investment Type</u>	<u>Maximum Maturity</u>	<u>Maximum Percentage of Portfolio</u>	<u>Quality Requirements</u>
Local Agency Bonds	5 years	None	None
U.S. Treasury Obligations	5 years	None	None
State Obligations	5 years	None	None
CA. Local Agency Obligations	5 years	None	None
U.S. Agency Securities	5 years	None	None
Bankers' Acceptances	180 days	40%	None
Commercial Paper	270 days	25%	A1
Negotiable Certificates of Deposit	5 years	30%	None
Repurchase Agreements	1 year	None	None
Reverse Repurchase Agreements	92 days	20%	None
Medium-Term Notes	5 years	30%	A Rating
Mutual Funds	N/A	20%	Multiple
Money Market Mutual Funds	N/A	20%	Multiple
Collateralized Bank Deposits	5 years	None	None
Mortgage Pass-Through Securities	5 years	20%	AA Rating
Time Deposits	5 years	None	None
California Local Agency Investment Fund (LAIF)	N/A	None	None
County Pooled Investments	N/A	None	None

The District's Investment Policy is more restrictive than the California Government Code. The policy only allows the District to invest in the California Local Agency Investment Fund, FDIC insured accounts and investments collateralized pursuant to the California Government Code Section 53652.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 2 - Cash and Investments: (Continued)

**Investments Authorized by the California Government Code and the District's Investment Policy
(Continued)**

Cash and investments held by the District were comprised of the following at June 30, 2021:

	<u>Maturity in Years</u>		<u>Total</u>
	<u>Less Than 1 Year</u>	<u>1 - 5 Years</u>	
California Local Agency Investment Fund (LAIF)	\$ 5,858,030	\$ -	\$ 5,858,030

Deposits with financial institutions	158,209	-	158,209
Total Cash and Investments	<u>\$ 16,661,195</u>	<u>\$ 5,142,502</u>	<u>\$ 21,803,697</u>
Financial Statement Classification:			
Cash and cash equivalents			\$ 18,125,046
Restricted cash			<u>3,678,651</u>
			<u>\$ 21,803,697</u>

Disclosures Relating to Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. One of the ways that the District manages its exposure to interest rate risk is by holding only cash and cash equivalents.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided in the previous table that shows the distribution of the District's investments by maturity at June 30, 2021.

Disclosures Relating to Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the actual rating as of the year end for each investment type.

<u>Investment</u>	<u>Rating as of Year End Standard & Poor's</u>
LAIF	Not Rated
Negotiable Certificates of Deposit	Not Rated
Money Market Funds	Not Rated

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 2 - Cash and Investments: (Continued)

Concentration of Credit Risk

Concentration of credit is the risk of loss attributed to the magnitude to the District's investment in a single issue.

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by the California Government Code. The District holds no investments in any one issuer (other than mutual funds and external investment pools) that represent 5% or more of total District investments.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the District will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counter-party (e.g., broker-dealer) the District will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The California Government Code and the District's investment policy do not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure District deposits by pledging first trust deed mortgage notes having a value of 150% of the secured public deposits.

At June 30, 2021, none of the District's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts. At June 30, 2021, no District investments were held by the same broker-dealer (counterparty) that was used by the District to buy the securities.

Investment in State Investment Pool

The District is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code under the oversight of the Treasurer of the State of California. The fair value of the District's investment in this pool is reported in the accompanying financial statements at amounts based upon the District's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

Loans payable consist of the following at June 30, 2021:

Loans Payable

State of California, Water Resources Control Board - The District entered into a contract with the State of California, Water Resources Control Board, for a loan in the amount of \$2,144,073 to increase the wastewater treatment capacity of the Meadowbrook Wastewater Treatment Plant. The loan accrues interest at 2.6% with annual payments of principal and interest in the amount of \$138,764. The loan matures March 4, 2022. The District shall maintain a dedicated source of revenue sufficient to provide reasonable assurance of repayment of this loan. Accrued interest totaled \$1,172 at June 30, 2021.

\$ 135,248

State of California, Water Resources Control Board (State Water Board) - The District entered into a Construction Installment Sale Agreement (Agreement) with the State of California, Water Resources Control Board in the amount of \$2,815,570 of which the State Water Board agreed to forgive up to \$1,440,134 to help finance the Upper Salinas River Basin Conjunctive Use Project. The Agreement accrues interest at 1.8% with annual payments of principal and interest in the amount of \$58,869. The Agreement matures June 1, 2049. The District has covenanted to fix, prescribe and collect rates, fees, and charges in amounts necessary to cover operations and maintenance cost and shall ensure that net revenues are equal to at least 110% of the maximum annual debt service. Accrued interest totaled \$1,929 at June 30, 2021.

1,285,877

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 4 -Noncurrent Liabilities: (Continued)

Loans Payable (Continued)

San Luis Obispo County Flood Control and Water Conservation District - The District entered into a water delivery entitlement contract in the original amount of \$4,615,000 to pay its share of various capital expenses relating to the funding of design costs, engineering, planning, mapping, acquiring easements and right-of-way, and construction in connection with the Nacimiento Water Project (Project). The District has pledged certain revenues it collects from the operation of the Project for payment of debt service on the loan. The San Luis Obispo County Flood Control and Water Conservation District has refinanced its debt related to the project and revised its cost allocation on more than one occasion resulting in a \$469,475 reduction in the District's share of the project's cost and a revised debt service schedule. Under the most recently revised debt service schedule the loan accrues interest between 3% and 5% with semiannual payments of interest and principal through 2041 as set forth in the contract. Accrued interest totaled \$48,934 at June 30, 2021.

Total Loans Payable

\$ 3,325,000
\$ 4,746,125

Debt service requirements on loans payable at June 30, 2021 are as follows:

Business-Type Activities

<u>Year Ended June 30</u>	Loans Payable	
	Principal	Interest
2022	\$ 275,971	\$ 188,644

Note 5 - Prepaid Capacity Fees:

The District records capacity fees collected as a liability until its duty to perform has been completed and service has begun at which time these fees are recorded as contributed capital. Following is a summary of the prepaid capacity fees liability at June 30, 2021:

Balance at Beginning of Year	\$ 9,134,736
Add: Capacity fees received	388,661
Less: Water and sewer connections	(433,173)
Refunds	(65,292)
Balance at End of Year	\$ 9,024,932

Note 6 - Defined Benefit Pension Plan:

General Information About the Pension Plans

Plan Descriptions - All qualified permanent and probationary employees are eligible to participate in the Miscellaneous Plan or the Safety Plan of the Templeton Community Services District (All Plans) a cost-sharing multiple employer defined benefit pension plan administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plans are established by State statute and Local Government resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website. The Plans consist of both the Miscellaneous Plan and the PEPRA Plan.

Benefits Provided - CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment. Miscellaneous plan members with five years of service are eligible to retire at age 50 with statutory reduced benefits. PEPRA miscellaneous members with five years of service are eligible to retire at age 52 with statutorily reduced benefits, Safety plan members with five years of service are eligible to retire at age 50 with statutorily reduced benefits and Safety PEPRA plan members are eligible to retire at age 50 with statutorily reduced benefits. All members are eligible for non-duty disability retirement benefits after five years of service. The death benefit is the basic death benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees Retirement Law, per contract. The Plan's provisions and benefits in effect at June 30, 2021 are summarized as follows:

	Miscellaneous		
	Prior to January 1, 2013	On or After January 1, 2013	
		With Prior Service	Without Prior Service
Benefit formula	3.0% @ 60	2.5% @ 55	2.0% @ 62
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	Monthly for life	Monthly for life	Monthly for life
Retirement age	50+	50+	52+
Monthly benefits, as a % of eligible compensation	2.0% to 3.0%	2.0% to 2.5%	1.0% to 2.5%
Required employee contribution rates	8.0%	8.0%	6.25%
Required employer contribution rates	15.445%	11.742%	7.732%

Note 6 - Defined Benefit Pension Plan: (Continued)

General Information About the Pension Plans (Continued)

Benefits Provided (Continued)

	Prior to January 1, 2013	Safety On or After January 1, 2013	
		With Prior Service	Without Prior Service
Benefit formula	3.0% @ 50	3.0% @ 55	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service	5 years service
Benefit payments	Monthly for life	Monthly for life	Monthly for life
Retirement age	50+	50+	50 - 57
Monthly benefits, as a % of eligible compensation	3.0%	2.4% to 3.0%	2.0% to 2.7%
Required employee contribution rates	9.0%	9.0%	11.5%
Required employer contribution rates	23.674%	20.585%	13.044%

In addition to the contribution rates above, the District was also required to make payments of \$131,184 for the miscellaneous Tier 1 plan, \$6,751 for the Miscellaneous Tier 2 Plan and \$4,579 for the Miscellaneous PEPR Plan, \$27,798 for the Safety Tier 1 Plan, \$341 for the Safety Tier 2 Plan and \$1,069 for the Safety PEPR Plan toward its unfunded actuarial liability during the year end June 30, 2021.

The miscellaneous and the miscellaneous safety plans are closed to new members that are not already CalPERS eligible participants.

Contribution Description - Section 20814(c) of the California Public Employees' Retirement Law (PERL) requires that the employer contribution rates for all public employers are determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS annual actuarial process. The Plans actuarially determined rate is based on the estimated amount necessary to pay the Plan's allocated share of the risk pool's costs of benefits earned by employees during the year and any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

The District reported the following net pension liability for its proportionate share of net pension liability of the risk pool at June 30, 2021:

	<u>Proportionate Share of Net Pension Liability</u>
Miscellaneous Risk Pool	\$ 2,140,124
Safety Risk Pool	371,181
	<u>\$ 2,511,305</u>

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 6 - Defined Benefit Pension Plan: (Continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The District's net pension liability for the risk pool is measured as the proportionate share of the risk pool's net pension liability. GASB 68 indicates that to the extent different contribution rates are assessed based on separate relationships that constitute the collective net pension liability, the determination of the employer's proportionate share of the collective net pension liability should be made in a manner that reflects those relationships. The allocation method used by CalPERS to determine each employer's proportionate share reflects those relationships through the employer rate plans they sponsor within the respective risk pools. An actuarial measurement of the employer's rate plan liability and asset-related information are used where available, and proportional allocations of individual employer rate plan amounts as of the valuation date are used where not available.

The District's proportionate share of the net pension liability as of June 30, 2019, the valuation date, was calculated as follows:

- In determining an employer's proportionate share, the employer rate plans included in the Plan were assigned to the miscellaneous or safety risk pool. Estimates of the total pension liability and the fiduciary net position were first determined as of the valuation date, June 30, 2019.
- Each employer rate plan's fiduciary net position was subtracted from its total pension liability to obtain its net pension liability as of the valuation date. The District's proportionate share percentage at the valuation date was calculated by dividing the District's net pension liability for each of its employer rate plans by the net pension liability as of the valuation date.

The District's proportionate share of the net pension liability as of June 30, 2020, the measurement date, was calculated as follows:

- Each risk pool's total pension liability was computed at the measurement date, June 30, 2020, by applying standard actuarial roll-forward methods to the total pension liability amounts as of the valuation date. The fiduciary net position for each risk pool at the measurement date was determined by CalPERS' Financial Office. The net pension liability for each risk pool at June 30, 2019, was computed by subtracting the respective risk pool's fiduciary net pension from its total pension liability.
- The individual employer risk pool's proportionate share percentage of the total pension liability and fiduciary net position as of June 30, 2020, was calculated by applying the District's proportionate share percentage as of the valuation date (described above) to the total pension liability and fiduciary net position as of June 30, 2019, to obtain the total pension liability and fiduciary net position as of June 30, 2020. The fiduciary net position was then subtracted from total pension liability to obtain the net pension liability as of the measurement date.

Changes of assumptions	-	1,236
Net difference between projected and actual earnings on pension plan investments	8,067	-
Adjustment due to difference in proportions	28,648	-
Total	<u>\$ 173,475</u>	<u>\$ 27,553</u>

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 6 - Defined Benefit Pension Plan: (Continued)

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The \$285,246 (Miscellaneous Risk Pool) and the \$107,977 (Safety Risk Pool) reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows and deferred inflows of resources in the previous chart will be recognized in future pension expense as follows:

Measurement Period Ended June 30	Deferred Outflows/(Inflows) of Resources	
	Miscellaneous	Safety
2022	\$ 11,876	\$ 14,532
2023	45,223	11,826
2024	41,308	7,546
2025	30,497	4,041
Total	<u>\$ 128,904</u>	<u>\$ 37,945</u>

Actuarial Assumptions

Total pension liabilities in the June 30, 2020 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date	June 30, 2019
Measurement Date	June 30, 2020
Actuarial Cost Method	Entry Age Normal
Actuarial Assumptions:	
Discount Rate	7.15%
Inflation	2.75%
Salary Increases	Varies by Entry Age and Service
Mortality Rate Table	Derived using 2010 CalPERS' experience study for the period 1997 - 2007
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies, 2.75% thereafter

Discount Rate

The discount rate used to measure the total pension liability was 7.15%. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing of the plans, the test revealed that none of the tested employer rate plans run out of assets. Therefore, the current 7.15% discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The stress test results are presented in a detailed report "GASB Statements 67 and 68 Crossover Testing Report" for measurement date June 30, 2020 based on June 30, 2019 valuations that can be obtained from the CalPERS' website.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 6 - Defined Benefit Pension Plan: (Continued)

Discount Rate (Continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns on all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 11 years) and the long-term (60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each plan. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. Those geometric rates of return are not of administrative expenses.

<u>Asset Class</u>	<u>New Strategy Allocation</u>	<u>Real Return Years 1 - 10^(a)</u>	<u>Real Return Years 11 +^(b)</u>
Global Equity	50.0%	4.80%	5.98%
Fixed Income	28.0	1.00	2.62
Inflation Assets	-	0.77	1.81
Private Equity	8.0	6.30	7.23
Real Estate	13.0	3.75	4.93
Liquidity	1.0	-	(0.92)
	<u>100.0%</u>		

^(a)An expected inflation of 2.0% used for this period

^(b)An expected inflation of 2.92% used for this period

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 6 - Defined Benefit Pension Plan: (Continued)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the District’s proportionate share of the net pension liability of the risk pool as of the Measurement Date, calculated using the discount rate, as well as what the District’s proportionate share of net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

	1% Decrease (6.15%)	Current Discount Rate (7.15%)	1% Increase (8.15%)
Miscellaneous Risk Pool	\$ 3,940,447	\$ 2,140,124	\$ 1,024,396
Safety Risk Pool	608,116	371,181	176,753
	\$ 4,548,563	\$ 2,511,305	\$ 1,201,149

Note 7 - Other Postemployment Benefits:

General Information About the OPEB Plan

Plan Description - The District’s defined benefit OPEB plan, Templeton Community Services District Other Postemployment Benefits Plan, (OPEB Plan) provides OPEB for all permanent full-time general and public safety employees of the District. The OPEB Plan is a single-employer defined benefit OPEB plan administered by the California Employers’ Retiree Benefit Trust (CERBT). The District’s Code grants the authority to establish and amend the benefit terms of the OPEB plan to the District’s Board of Directors. CERBT issues a publicly available financial report that can be obtained at the CalPERS Executive Office, 400 P Street, Sacramento, California 95814.

Benefits Provided - The OPEB plan provides retiree medical (including prescription drug benefits) coverage to eligible retirees and their eligible dependents through the CalPERS Health Program. The District provides a maximum monthly contribution based on the amount provided to active employees (currently targeted at the cost for family coverage in the PERS Choice Plan). The District’s contribution will continue for the lifetime of the retiree and any surviving eligible spouse. Eligibility for retiree health benefits requires retirement from the District and commencement of pension benefits under PERS (typically on or after age 50 with at least 5 years of service).

Employees Covered - At June 30, 2021, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	10
Inactive employees entitled to but not yet receiving benefit payments	-
Active employees electing coverage	16
Active employees waiving coverage	1
Total	27

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 7 - Other Postemployment Benefits: (Continued)

General Information About the OPEB Plan (Continued)

Contributions - The contribution requirements of the District are established and may be amended annually by the Board of Directors. The District's Board of Directors had previously established a policy of funding the Annual Required Contribution (ARC) on a pay as you go basis, under which contributions to the plan are generally made at the same time and in the same amount as retiree benefits and expenses become due. However, the District made a contribution of \$1,316,296 during fiscal year 2018 to CERBT in addition to continuing to fund benefit payments from the District's general assets.

Net OPEB Liability - The District has elected to use the "Lookback" method where assets and liabilities are measured as of the prior fiscal year-end, but applied to the current fiscal year. The measurement date (when assets and liabilities are measured) is June 30, 2020.

Actuarial Assumptions

The total OPEB liability in the June 30, 2020 actuarial valuation was determined using the following assumptions, applied to all periods included in the measurement, unless otherwise specified:

Discount Rate	6.0 percent
Expected Return on Plan Assets	6.0 percent
Inflation	2.50 percent
Payroll Growth Rate	2.75 percent
Healthcare Cost Trend Rates	6.40 percent for fiscal year 2020, gradually decreasing over several decades to an ultimate rate of 4.00% in fiscal year 2076 and later years.

Mortality rates were based on the assumptions for Public Agency Miscellaneous and Fire members published in December 2017 CalPERS experience study. These tables include 15 years of static mortality improvement using 90% of Scale MO-2016.

The assumptions used in this report are based on the Alternative Measure Method assumptions outlined in Paragraph 33 of GASB Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions".

The assumed gross return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. The weighted asset class estimates are combined with the inflation and investment expense assumptions to produce the portfolio long-term expected rate of return. The assumed asset weighting is based on target allocations published by CERBT.

**TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 7 - Other Postemployment Benefits: (Continued)

Actuarial Assumptions (Continued)

Asset Class (CERBT Strategy 2)	Target Allocation at Measurement Date	Long-Term Expected Real Rate of Return	Long-Term Expected Nominal Rate of Return
Equity	40%	4.80%	5.98%
Fixed Income	43%	1.10%	2.62%
TIPS	5%	0.25%	1.46%
Commodities	4%	1.50%	8.87%
REITs	<u>8%</u>	3.20%	5.00%
Total	<u>100.00%</u>		

Discount Rate

The discount rate used to measure the total OPEB liability was 6.0%. The District has historically funded its retiree health insurance on the “pay as you go” method. Per the Templeton Community Services District strategic financial policies, 2016-17 the budget calls for the sewer and general funds to contribute 1% of its respective net OPEB liability to CERBT while continuing to fund current retiree benefits. The contribution rate will be increased 1% each year up to a maximum of 10% until such time as the net OPEB liability is 100% funded.

Changes in the Net OPEB Liability

The changes in the net OPEB liability for the OPEB plan are as follows:

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Pension (b)	Net OPEB Liability (a) - (b)
Balance at June 30, 2020	\$ 2,964,709	\$ 1,636,533	\$ 1,328,176
Changes Recognized for the Measurement Period:

	1.0% Decrease (5.0%)	Discount Rate (6.0%)	1.0% Increase (7.0%)
Net OPEB liability	\$ 1,539,505	\$ 1,126,022	\$ 787,667

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the net OPEB liability of the District, as well as what the District's net OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower (8.5 percent decreasing to 4.5 percent) or 1-percentage-point-high (10.5 percent decreasing to 6.5 percent) than the current healthcare cost trend rates:

	1.0% Decrease (5.0% Decreasing to 3.0%)	Healthcare Cost Trend Rates (6.0% Decreasing to 4.0%)	1.0% Increase (7.0% Decreasing to 5.0%)
Net OPEB liability	\$ 754,746	\$ 1,126,022	\$ 1,578,267

OPEB Plan Fiduciary Net Position

The California Public Employees' Retirement System's California Retirement Benefit Trust (CERBT) issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained from the California Public Employees' Retirement System, CERBT, Post Office Box 942703, Sacramento, California 94429-2703.

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the District recognized OPEB expense/(benefit) of \$178,770. The District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources at June 30, 2021:

	Deferred Outflows of Resources	Deferred Inflows of Resources
OPEB contributions subsequent to the measurement date	\$ 1,141,055	\$ -
Net difference between projected and actual earnings on OPEB plan investments	13,141	-
Total	\$ 1,154,196	\$ -

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021**

Note 7 - Other Postemployment Benefits: (Continued)

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)

The \$1,141,055 reported as deferred outflows of resources related to contributions subsequent to the June 30, 2020 measurement date will be recognized as a reduction of the net OPEB liability during the year ended June 30, 2021. Other amounts reported as deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Years Ended June 30		
2022	\$	6,887
2023		6,889
2024		(2,902)
2025		2,267
Total	\$	13,141

Note 8 - Commitments and Contingencies:

Contracts

The District has entered into various contracts for the purchase of material and construction of water facilities. The amounts contracted are based on the contractors' estimated cost of construction. At June 30, 2021, the total unpaid amount on these contracts is approximately \$51,344.

Litigation

There are pending lawsuits in which the District is involved. The District's management and legal counsel estimate that the potential claims against the District, not covered by insurance, resulting from such litigation would not materially affect the operations or financial condition of the District.

Grant Funding

The District has received grant funding for various purposes that may be subjected to review and audit by the funding agencies. Such potential audits could result in a request for reimbursement for expense disallowed under the terms and conditions of the funding source. Management is of the opinion that no material liabilities will result from such potential audits.

Note 8 - Commitments and Contingencies: (Continued)

Coronavirus Pandemic

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic. The District is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of these declines. The extent of the impact of COVID-19 on the District's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impacts on the District's customers, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which COVID-19 may impact the District's financial position and changes in net assets and cash flows is uncertain and the accompanying financial statements include no adjustments relating to the effects of this pandemic.

Note 9 - New Governmental Accounting Standards:

GASB No. 84

In January 2017, the Governmental Accounting Standards Board issued Statement No. 84 "Fiduciary Activities". The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier Application is encouraged. The effective date of this pronouncement was postponed by 12 months by GASB Statement No. 95. This pronouncement did not have a material effect on the financial statements of the District in the year of implementation.

GASB No. 87

In June 2017, the Governmental Accounting Standards Board issued Statement No. 87 "Leases". The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The effective date of this pronouncement has been postponed by 18 months by GASB Statement No. 95. The District has not determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

GASB No. 89

In June 2018, the Governmental Accounting Standards Board issued Statement No. 89 "Accounting for Interest Cost Incurred before the End of a Construction Period". The requirements of this Statement are effective for reporting periods beginning after December 14, 2019. Earlier application is encouraged. The District has elected to implement pronouncement and has not capitalized any interest cost for the year ended June 30, 2021.

GASB No. 90

In August 2018, the Governmental Accounting Standards Board issued Statement No. 90 "Majority Equity Interests-an amendment of GASB Statements No. 14 and No. 61". The requirements of this Statement are effective for reporting periods beginning after December 15, 2018. Earlier application is encouraged. The effective date of this pronouncement was postponed by 12 months by GASB Statement No. 95. This pronouncement did not have a material effect on the financial statements of the District in the year of implementation.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 9 - New Governmental Accounting Standards: (Continued)

GASB No. 91

In May 2019, the Governmental Accounting Standards Board issued Statement No. 91 “Conduit Debt Obligations”. The requirements of this Statement are effective for reporting periods beginning after December 15, 2020. The effective date of this pronouncement has been postponed by 12 months by GASB Statement No. 95. The District has not determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

GASB No. 92

In January 2020, the Governmental Accounting Standards Board issued Statement No. 92 “Omnibus 2020”. The requirements of this statement are effective at various dates up to and including fiscal years and reporting periods beginning after June 15, 2021. The effective date of this pronouncement has been postponed by 12 months by GASB Statement 95. This pronouncement did not and is not expected to have a material effect on the financial statements of the District in the year of implementation.

GASB No. 93

In March 2020, the Governmental Accounting Standards Board issued Statement No. 93 “Replacement of Interbank Offered Rates”. The requirements of this statement are effective at various dates up to and including reporting periods ending after December 31, 2021. The effective date of this pronouncement has been postponed by 12 months by GASB Statement 95. This pronouncement is not expected to have a material effect on the financial statements of the District in the year of implementation.

GASB No. 94

In March 2020, the Governmental Accounting Standards Board issued Statement No. 93 “Public - Private and Public - Public Partnerships and Availability Payment Arrangements”. The requirements of this statement are effective for fiscal years beginning after June 15, 2022. The effective date of this pronouncement has been postponed by 12 months by GASB Statement 95. As used in this pronouncements these Partnerships are an arrangement in which the government (the transferor) contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset such as infrastructure or other capital assets for a period of time in an exchange or an exchange-like transaction. The statement also provides guidance on accounting and financial reporting for availability payment arrangements in which the government compensates the operator for services that may include the designing, constructing, financing, maintaining, or operating an underlying nonfinancial assets for a period of time in an exchange or exchange-like transaction. The District has not yet determined the effects of this pronouncement on the financial statements in the year of implementation.

TEMPLETON COMMUNITY SERVICES DISTRICT
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2021

Note 9 - New Governmental Accounting Standards: (Continued)

GASB No. 95

In May 2020, the Governmental Accounting Standards Board issued Statement No. 95 “Postponement of the Effective Dates of Certain Authoritative Guidance”. The primary objective of this statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by postponing for one year the effective dates of GASB Statements 83, 84, 88 – 93 as well as implementation guides 2018-1, 2019-1 and 2019-2. In addition, the effective dates of GASB Statement 87 and Implementation Guide 2019-3 have been postponed by 18 months.

GASB No. 96

In May 2020, the Governmental Accounting Standards Board issued Statement No. 96 “Subscription-Based Information Technology Arrangements (SBITA’s)”. This Statement (1) defines SBITA’s (2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset - and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including the implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this statement are effective for fiscal years beginning after June 15, 2022 and all reporting periods thereafter. Earlier application is encouraged. The District has not determined the effects of this pronouncement on the financial statements of the District in the year of implementation.

GASB No. 97

In June 2020, the Governmental Accounting Standards issued Statement No. 97 “Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans - An Amendment of GASB Statements No.14 and No. 84 and Supersession of GASB Statement No. 32”. This statement requires that for purposes of determining whether a primary government is financial accountable for a potential component unit, the absence of a governing board should be treated the same as the appointment of a voting majority. The statement requires that a Section 457 plan be classified as either pension or other employee benefit plan depending on whether the plan meets the definition of a pension plan. This statement supersedes the remaining provisions of GASB Statement No. 32.

**TEMPLETON COMMUNITY SERVICES DISTRICT
REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2021**

**SCHEDULES OF CHANGES IN THE DISTRICT'S NET OPEB LIABILITY AND RELATED RATIOS
LAST TEN FISCAL YEARS**

Notes to Schedules:

In place of an actuarial valuation the total OPEB liability has been measured using the Alternative Measurement Method as described in GASB Statement 75 for plans with fewer than 100 employees (active and inactive) being provided benefits through the OPEB plan as of the beginning of the measurement period.

The District has elected to use the GASB 75 "Lookback" method where assets and liabilities are measured as of the prior fiscal year end, but applied to the current fiscal year.

Although the OPEB Plan is administered through a trust, the fiscal year 2019 OPEB payments were paid from the District's general assets rather than from the trust assets.

The GASB 75 Alternative Measurement Method rules require that net OPEB liability changes resulting from demographic experience and assumption changes be recognized immediately in OPEB expense.

Fiscal year 2018 was the first year of implementation. The District must eventually disclose a 10-year history of the schedule of changes in net OPEB liability and related ratios.

**TEMPLETON COMMUNITY SERVICES DISTRICT
REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2021**

**SCHEDULES OF OPEB CONTRIBUTIONS
LAST TEN FISCAL YEARS**

	<u>2021</u>	<u>2020</u>	<u>2019</u>	<u>2018</u>	<u>2017</u>
Actuarial Determined Contribution	\$ N/A	\$ N/A	\$ N/A	\$ N/A	\$ N/A
Contributions in Relation to the Actuarially Determined Contribution	N/A	N/A	N/A	N/A	N/A
Contribution Deficiency (Excess)	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>
Covered-Employee Payroll	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>
Contributions as a Percentage of Covered- Employee Payroll	N/A	N/A	N/A	N/A	N/A
	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>	<u>2012</u>
Actuarial Determined Contribution	\$ N/A	\$ N/A	\$ N/A	\$ N/A	\$ N/A
Contributions in Relation to the Actuarially Determined Contribution	N/A	N/A	N/A	N/A	N/A
Contribution Deficiency (Excess)	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>
Covered-Employee Payroll	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>	<u>\$ N/A</u>
Contributions as a Percentage of Covered- Employee Payroll	N/A	N/A	N/A	N/A	N/A

Notes to Schedules:

The District does not have a formal funding policy and does not calculate an actuarial determined contribution.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry age
Amortization Method	Level percentage of payroll, closed
Amortization Period	N/A
Asset Valuation Method	N/A
Inflation	2.75 percent
Healthcare Cost Trend Rates	6.80 percent initial, decreasing an ultimate rate of 4.40 percent
Salary Increases	N/A

**TEMPLETON COMMUNITY SERVICES DISTRICT
REQUIRED SUPPLEMENTARY INFORMATION
FOR THE YEAR ENDED JUNE 30, 2021**

**SCHEDULES OF OPEB CONTRIBUTIONS (CONTINUED)
LAST TEN FISCAL YEARS**

Notes to Schedules: (Continued)

Investment Rate of Return	The District does not have a formal funding policy and does not calculate an actuarial determined contribution. The District uses the pay-as-you-go method under which contributions to the Plan are generally made at the same time and in the same amount as retiree benefits and expenses become due.
Retirement Age	Age 50 with 5 years of service for miscellaneous members entering before January 1, 2013 and all safety members. Age 52 with five years of service for miscellaneous members entering on or after January 1, 2013.
Mortality	The base RP-2014 headcount - weighted white collar table adjusted to 2006 for healthy mortality and the base RP-2014 headcount-weighted disabled mortality table adjusted to 2006 for disabled mortality. Generational projection using scale MP-2017 was applied to these base rates after 2006.

* Fiscal year 2018 was the first year of implementation. The District must eventually disclose a 10-year history of the contributing investment return, and payroll schedules.
