The Templeton Community Services District is an independent government agency that provides Water, Sewer, Fire and Emergency Services, Solid Waste, Parks and Recreation as well as limited drainage and street lighting services for about 8,000 residents.

The District is looking for members of the public who are interested in serving on Internal Standing Committees. Committees are tasked with reviewing various projects, financial reports, and informational items to offer recommendations to the Board.

The District has the following four Standing Committees:

Administration/Finance Committee - Concerned with the financial management of the District, including the preparation of an annual budget, major expenditures and the annual audit. If the Committee determines that policies, programs and/or projects need to be addressed, a recommendation shall be made to the Board of Directors.

Facilities Committee - Concerned with the maintenance and operation of all land, buildings, and facilities. If the Committee determines that policies, programs and/or projects need to be addressed, a recommendation shall be made to the Board of Directors.
